Connecting Innovators and Educators Under the Big Sky
Discover innovative ways to use technology in your school

This conference for educators will focus on technology integration into core content areas including sessions on topics such as Artificial Intelligence, media literacy, cybersecurity, and apps such as Curipod and Diffit. Additional sessions may include mindfulness, IEFA, visual arts, SEL, STEAM, suicide intervention, grief support, and Mandt training. Join us for one, two or three days of the conference. This year's conference will be a hybrid platform: You can choose to attend In-person at Missoula College or attend virtually. In most cases, you will not need to select the sessions you plan to attend in advance.

Keynote by Beyond the Chalk

Brought to you by
MTPLC

Blackfoot Communications is providing FREE REGISTRATIONS to all educators serving Blackfoot schools. Additional free registrations will be provided to Montana educators while supplies last. Apply today. MTPLC/WMPLC will notify you, via email, once you have been approved for a free registration.
